A. E. Payne explaining recent trouble at Power House.

The report of the Committee appointed to arrange settlement of claims for damages to properties, was handed in, and read as follows:

To the Mayor & Councillors of the Town of Sudbury.

Your Special Committee appointed to settle the claims of the owners of land through which the Waterworks and Sewer Pipes are laid, beg to report as follows:

After looking carefully into the matter and considering that any settlement made, must be of permanent nature and that the Deeds of Agreement for right of way must be executed as that they can be registered against the lands concerned.

We have agreed with the respective owners separately to pay them the sums hereinafter stated, which have been accepted.

1st To Mrs. Phillip Cook for perpetual right of way across Lots 127 and 144 Block "D" McNaughton's Survey and for all damages to crops, garden, etc, one hundred dollars.

2nd To the Misses McNaughton for perpetual right of way through Lots 26, 72, & 73 in Block "B", lots 76, 77, 117, & 118 Block "C" and lot 126 Block "D", all in

said McNaughton's Survey, of part said Town of Sudbury, the sum of one hundred and Seventy five dollars.

We beg to recommend that twenty five dollars be offered to Mrs. Emilie Rielle for perpetual right of way across her lot on North side of the Railway track.

We also beg to report [that] no agreement has been affected with the Bishop of Algoma for the lands belonging to the Church of England as the deeds of conveyance offered to the Town were not satisfactory to your committee.

The whole respectfully submitted.

Mayor Councillors of the Town of Sudbury
Gentlemen,

Your fire water and light committee beg to report as follows:

In that matter of the an nature of the old (an) machine now at Peterboro

We have received and offer from the Canadian General Electric Co. to accept \$45.00 in full for the repairs done to the same on the order of Messrs. McCarthy and Plummer.

We recommend that this offer be accepted and the Canadian General Electric Co. be instructed to ship it to the order of the Royal Electric Co and that the Mayor be authorized to institute proceedings at once against McCarthy & Plummer for recovery of the above agreement.

We also recommend that the following accounts be paid.

Purvis Bros.	\$25.75
F. Dion	.90
R. H. Carmichael	4.50
N. Bailey	36.[00]

We also recommend that Mr Scafe while collecting water and light rates be instructed to take blank agreement forms with him and have them signed by all parties using same.

Your committee are also of the opinion that in order to make the running expenses of the water and light service come within the revenues of the same it is necessary that one man do all the work at the power house, and one man be engaged to look after the arc lights, hydrants, and other matters in connection with these services outside the power house.

Committee appointed & reported on Mr. McConnell's proposal on Economic Smelting instruction plan report as follows.

The Committee selected to report on the letter of Mr. McConnell in reference to his proposition in connection with the erection of a Smelter within the Town limits find, that the terms of Mr. McConnell letter are so vague, indefinite & limit less and the latitude of his request from Town are so wide that it is practically impossible to consider them as they are written:

He ever not give any idea of the capacity of his proposed Smelter or how great a quantity of water will be required each twenty four hours or how many men will be employed and makes no mention as to how many months in each year it is their intention to operate.

In our opinion it will be necessary for Mr. McConnell to make some further and

more definite statement and give the Town some guarantee that this Furnace when erected will be for more permanent use than as an experiment before the Town should offer any bonus a complaint of so permanent or enduring a nature as those mentioned in Mr. McConnell's letter.

Report of F W & Lt Com

Your F W & Lt Committee beg to report as follows that the Clerk be authorized to write Mr Jenkins that the sidewalk cannot be moved back to his place, which is formerly was, as there is no Street there. That if he gets the owner of the property to sign the usual agreement to light the entire house by Electricity for at least one year the Town will extend the system to the place, also that we do not see any reasonable hope that the Town will be able to put the water and sewage invoice to the McDonnell property during the present Century.

That Mr Brisbois be recognized that when light rates are paid up to date the Town will turn out water & lights at Rosetts, Brisbois to pay expanse of taking them out.

That the sewer be put into Mr Blues premises from Durham St as there is no suitable connection on Larch St.

That the Town agree to bear one half the expense of putting a new sewer into the White House property from Elm St provided it is shown that there is a proper connection with the Main Sewer on Elgin St.

That the Clerk be authorized to have the lights taken out of the office over Drs A Struthers and Arthurs office at their expense.

That the Chairman be authorized to return six thousand feet N12 Copper wire to the Royal Electric Company Montreal.

That the bill from the Royal Electric Co for 100 lamps and packing the Globes be paid.

That the Clerk be authorized to write the

Royal Electric Co the matter Mr. Hammerer when here in May last quoted one CI Pulley for Dynamo at \$18.00 and therefore we do not feel disposed to pay \$30.00 for the same as per invoice.

Moved by Coun. Ryan

Seconded by Coun. Frawley

That Mayor Cochrane and Councillors Howey & Lemieux be appointed a special Committee to draft a resolution to be sent to the Government of the Dominion of Canada on the question of an Export Duty on Nickel [illegible].

Carried

The Special Committee submitted the following resolution for approval.

Resolution

That whereas the Government of the Dominion of Canada has under contemplation the imposition of Export duty upon Nickel Matte and whereas there is not established in Canada and the present time any refinery for the purpose of treating Nickel once.

And whereas of the Several Companies which have been operating in Nickel

mining in Canada during the last ten years all have closed their works with the exception of one, and whereas the continued operation of this one Company has been of incalculable benefit to the whole County and whereas the people of Sudbury & Vicinity are greatly dependent upon the said company for employment and

Whereas said company [par] annually one quarter of a Million dollars in wages,

And Whereas the imposition of Export duty would prejudicially affect the said Company and thereby jeopardize the best interests of many of our citizens as well as the future prosperity of the Town of Sudbury.

Therefore be it resolved:

That the Council of the Town of Sudbury, although not disapproving of the principle that Canada should reap the benefit of the refining and manufacture of her Natural Mineral resources , nevertheless under present existing circumstances, which the Nickel industry is only in the first stages of its development and before any opinions are established and operation in this county consider that any restrictive legislation would be subversive of the least interest of the County and bring direct ruin and desolation upon many of the people of the Northern portion of the Province of Ontario which would not be compensated for by any benefit which

Which might derive by other portion of the Dominion from the imposition of such Export duty.

Moved by Coun. Howey

Report of F. W. & L Committee

To the Mayor & Councillors,

Gentlemen

The F. W. & L. Committee to whom was referred the application of Rev Father Lussier, for sewer and water connection with St Joseph's Hospital beg to recommend that

that the water pipe on Louis St be replaced by a larger one, the present one having insufficient capacity. With reference to the Town extending the sewer and water pipes through the Church property, we are strongly of the opinion that it would be most unwise for the Town to incur such expense besides it would establish a precedent which would ultimately cause no end of trouble. All of which is respectfully submitted.

Carried

Purvis – Fournier

That we would respectfully beg to petition your Cabinet to consider the advisability of extending the Jurisdiction of the Division Court of Ontario from \$200.00 dollars as at present to \$500.00 dollars for signed documents and for open accounts from \$100.00 to \$300.00 dollars and claims for damages from \$60.00 to \$100.00 or more.

We believe this would be in the public interest, as Division Court are

are held monthly and same monthly in Towns & Cities and costs are only a fraction of costs in the higher Courts which are held at long intervals and enables fraudulent debtors to take advantage of disputes and adjournments to defeat the ends of Justice.

The extension of the Division Courts is in harmony with the spirit of the Times when quick dispatch is the order of all our business concerns.

Mayor

February 21/1900

Special meeting held in Town Clerk's office on the 21st day of February 1900.

Present, The Mayor T. J. Ryan and Councillors O'Connor, Rowat, Frawley, Purvis & Fournier.

Mr. MacKay of Sault Ste. Marie Ont. addressed the Council on the subject of a grant to the Manitoulin & North Shore Railway Coy. and asked the Council to pass resolutions to be forwarded to Hon. G. W. Ross Premier of Ontario, John Loughin M. P.P. and also to the Dominion Government.

Moved by Coun. O'Connor

Sec'd by " Rowat

That whereas we are advised that the Manitoulin & North Shore Railway Company will proceed during the present year with the Construction of the first Eighty miles between Little Current and Sudbury and northward through the Trill. Levack and Bowell Nickle ranges, if proper assurances are given that a land grant (subject to the reservations of the pine and the usual restrictions) of 6400 acres per mile for the first eighty miles.

is granted at the present session of legislative Assemble of the Province of Ontario in addition to the usual such subsidy granted by the Province and the Dominion;

And whereas the proposed line of railway would furnish and independent mineral railway for most of the known nickel ranges in the province and afford a direct and economical transportation for the mineral and other products of the Sudbury District and cheaper the cost of Coke and Coal and thus promote in a special way the establishment of smelting and Refining work within the province and aid most materially in the development of the resources of the Sudbury district and the settlement of the vacant lands now belonging to the Crown in addition to furnishing the necessary railway facilities for the Manitoulin district.

And Whereas we are advised that out of the 2,250.00 acres included in the Sudbury Nickel district there are still belonging to the Crown about 2,000,000 acres.

And whereas the proposed railway would be directly interested in having the mines developed and operated to their fullest capacity at the earliest date and its success

success would depend largely upon the successful development of the mineral and other natural resources to the Districts of Algoma, Nipissing and Manitoulin, through which the line would pass and the said Company in its efforts to attract Capital and men to develop the lands belonging to the Company would also attract the attentions of Capitalists and settlers to the lands belonging to the Crown.

Therefore it is resolved by the Municipal Council of the Town of Sudbury that the Construction of the proposed ~~railway~~ Manitoulin and North Shore Railway is a most important public work and we strongly urge that the grant asked should be given to the said Company during the present session of the legislative Assembly and that this resolution be forwarded to the Honorable G. W. Ross Premier of the Province of Ontario, and so out representative, John Loughin Esq. M. P. P.

Carried

Purvis – Fournier

That whereas the Construction of the Manitoulin & North Shore Railway would furnish the necessary Railway facilities for most of the known Nickel ranges

in the province, and furnish an independent mineral railway for the mineral locations to the Georgian Bay, and afforded an economical transportation of the mineral and other products of the Sudbury districts, and cheapen the cost of Coke and Coal, and thus promote in a special way the establishment of smelting and refining works within the province and secure the early and rapid development of many valuable and promising Copper and make location in the said district, and otherwise aid most meteorically in the development of the other natural resources of the Algoma and Nipissing districts in addition to furnishing the necessary railway facilities for the distract of Manitoulin.

Therefore it is resolved by the Municipal Council of the Town of Sudbury that the construction of the proposed Manitoulin and North Shore Railway is a most important public work and we earnestly do hereby request that it may appear proper for the Government of the Dominion of Canada to grant the usual Cash subsidy of \$3,200.00 per note to the

Manitoulin and North Shore Railway for the construction of the first eighty miles, between the Town of Little Current and the Town of Sudbury and northward to the Trill, Lavack and Bowell Nickel ranges.

Resolved that is resolution be forwarded to the Right Honourable Sir Wilfrid Laurier Premier of Canada.

Carried
